Mayor Hutnick explained at this time we have a presentation from Altice USA, Inc. regarding its Fiber to the Home Project. Immediately following Altice, we are going to have a request from Superintendent Dave Astor.

Aisha Hayward, representative from Altice USA stepped forward and explained they are doing fiber optic grade in Ogdensburg which will increase our network stability here in town. Ms. Hayward explained what is existing now and how they are going to make the upgrade.

Daniel Gannon from Altice explained this is approximately a four to six-week project; it is an overlay of the existing system. There is no underground work at this time it is all aerial. Any permits we need we will go through you guys; police detail they will get our schedule and work with the Chief.

Mayor Hutnick asked if the fiber will go end to end through the middle of town. Mr. Gannon explained they will run the fiber on every pole. Mayor Hutnick commented we have residential sections in town that are underground. Mr. Gannon explained we won't do them at this time and explained they will be done in the future.

Ms. Hayward commented when we get to that part of the project we will come back before you to advise you. Ms. Hayward also explained they are here for the Borough if there are any issues.

Dave Astor, Superintendent of Ogdensburg School stepped forward. Mr. Astor commented on the ongoing process of have Franklinite being named the State of New Jersey mineral which is hopefully coming to an end. It passed the Senate; it's going to the Assembly. Our County historian has asked several schools in the County to write letters of support that is going straight to Assemblyman Kennedy. He spoke to the County Historian and asked if he had reached out to the Council for extra support and he had not. So, he is here asking for support; we supported this in the past. He hopes this Council will recommend and support Franklinite as the State mineral.

Mr. McBriar commented we can draft a resolution for the next meeting.

Ms. Hough asked if the next meeting of February 13 was ok.

Mr. Astor commented a few weeks isn't going to matter. Mr. Astor explained this started with Alison McHose it has been on going for a while.

determine the seasonal fee. Councilwoman Cowdrick commented we had his fee at \$1,500.00 last year and if everyone is good with that we can go with that this year.

Councilman Ciasullo asked if all the fees were the same for all the organizations. Councilman DeMeo explained the ordinance has a range in it.

Mr. McBriar commented it is in the fee ordinance; then explained the fees per the ordinance. Mr. McBriar commented his only comment on this application is the borough is comfortable with the same amount as last year they can approve it subject to the applicant completing a coach list, schedule of events and certificate of insurance. Those things are identified in the application.

There was a discussion on the fees, range of fees and how the Borough determines the fee based on the ordinance.

Mayor Hutnick asked if everyone is ok moving forward with a motion.

Mr. McBriar commented subject to the Borough receiving all of the material and information required of the facility use form.

Councilwoman Cowdrick made a motion to accept the application for Kaboom provided we get a coaches list and we do have the insurance on file and the amount of \$1,500.00 for the season. Seconded by Councilman DeMeo.

SOLID WASTE AND RECYCLING CONTRACT REBID

Mayor Hutnick commented our next topic is solid waste and recycling contract rebid; before we get into an active discussion he wants to go over what has occurred over the last two weeks and the work that has been put into this to find other solutions. Mayor Hutnick commented we sent a letter over to Blue Diamond asking for basically a break.

Mayor Hutnick commented what he would like to do is read through what he has done for the last couple weeks and to save all the questions until he runs through these couple of pages. We said we were going to look into different directions, do our research. For starters one of his phone calls was to SCUMA, their representative wanted him to let everyone know their tipping fees have not raised since 2014.

Mayor Hutnick commented he reached out to the following towns to find out what was going on; Sparta is using Blue Diamond, Franklin just signed a three-year contract with Blue Diamond because they couldn't find anyone else, Hardyston does not pick up trash their residents are responsible for there own removal. Hardyston does pick up their own recycling for now they are having trouble doing that. Hamburg residents are responsible for removing their own trash; Hardyston picks up their recycling for now. Lafayette has an agreement with SCMUA; they have no interest in a shared service for garbage or recycling with us. Bloomingdale has its own sanitation department, Wanaque, Butler and Kinnelon were all in a shared service agreement with Bloomingdale. Bloomingdale has been doing their own thing for about 20 years.

Mayor Hutnick commented this is his suggestion; right now, nobody wants to pick up Ogdensburg, they don't want to do private pickups they don't want to do town pickups. He has called Ayers they didn't want anything to do with it. His recommendation since we have had very little notice with Blue Diamond and we have no where else to go; we sign the three-year deal with Blue Diamond for now. We do have the option of a 60-day notice to back out. Signing the contract will give us time to look into this more to explore more options.

Mayor Hutnick commented he reached out to the town Administrator of Bloomindale since they are all set up and had a great conversation and set up a second meeting between himself and CFO Mike, the town administrator and their CFO explained to us the process they have been doing it for about 20 years. If we have questions we can ask them at any point in time. He can tell you

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM**

January 23, 2023

they currently have 3 twenty-five-yard trucks; they have on order two new trucks for a total of five for their fleet. Those five-truck will handle their town plus the other mentioned towns.

Mayor Hutnick commented if we form our own sanitation department again it is going to take time and its going to take a committee to sit here to go through everything the finances, insurances, what we can do for a truck, how we can get the trucks and manpower. He reached out to surrounding towns they are actually interested in a shared service if we can pull it off.

Mayor Hutnick commented he reached out to SCMUA spoke to Dawn Latincics and John Morris who is the superintendent of solid waste operations in SCMUA; both have told him that what he is proposing is starting to get more common because of the prices being so high. They explained Ogdensburg is set up with Blue Diamond as a single stream recycling pick up which means they pick up everything with one truck. They take it to a private company not SCMUA to be sorted out which cost us more so everything goes in one truck somebody else sorts it all out. If we do it ourselves they are saying we would be a dual stream which means we would need at least two trips to SCMUA one trip metal, glass, plastic etc. and one trip will be for products such as paper, cardboard things of that nature. We would also have to be very strict with our recycling center to make sure that the dumpster doesn't become mixed or we have to separate it. If we are controlling our own pickups maybe we don't need our recycling center anymore. There are other things we need to consider. We will need at least two 25-yard garbage trucks, employees to be determined based on what we are doing. Mayor Hutnick explained tipping fees.

Mayor Hutnick commented we are not going to find out anything before March 1, we take the contract we push hard on this and hopefully we can get it done in time and exercise our 60 day [termination].

Ms. Ruitenberg asked did the other town say how long they are waiting for the trucks. Mayor Hutnick commented they have been waiting for eighteen months each truck was two hundred and eighty thousand dollars. They have been pushed out another four months. Mayor Hutnick explained the number of trucks and employees they have.

Councilman Ciasullo are we thinking of going with the current contract three years possibly five.

Mr. McBriar commented that was the last bid; you have the freedom to figure out any options one year through five years any combination. The contract allows the Borough to give 60 notice to terminate the contract. One of the things we need to do this evening is to establish those options so we can get the notice in the paper, rebid out and award the contract with the next couple of meetings we have.

Councilman Ciasullo asked why do we have to do a rebid.

Mr. McBriar commented they were all rejected; the rebid was to consider additional options to see if we could obtain cost or see what is on the table.

Councilman DeMeo commented he sent Mr. McBriar an email with different [scenarios] because right now we have what is there but he suggested looking at possibly reducing the number of recycling pickups or reducing the number of pickups or the bulk pickup or possibly eliminating bulk pick up.

Councilman Ciasullo commented or leave it the same to see if you get the same three- or five-year price again.

Mr. McBriar commented the last bid spec was solid waste once a week, recycling every two weeks and bulk once per month. He thinks that has been the status quo for quite some time. Maybe you want to consider a combination of those or you do bulk quarterly, or mix it up; everything is on the table for discussion. Other towns have done all three or added additional options and gave an example.

There was a discussion on the possibility of getting no bids, possibly getting another extension, the borough did submit a letter in writing to Blue Diamond to ask for a further extension, if residents use bulk pickup and if dumpsters are included in the contract.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
January 23, 2023**

Mr. McBriar commented so we are clear, option one will be sold waste, recycling and bulk as it was before and we have to think of this in terms of two functions we have the services, combination of services and the time frame. So, solid waste, recycling and bulk; how many years. Do we want to see a one year, three year or five year? Last bid was three and five years.

Councilman Ciasullo commented he would just leave it at that.

Mr. McBriar commented option one is all of the services as they existed for a three year and five year.

Councilman Demeo commented it doesn't really matter there is a sixty day out.

Mr. McBriar commented it is important for us to get the bid specs out and accurately advertise just for us to be clear.

Councilman DeMeo commented for option two. Solid Waste once a week, recycling once a month and bulk once quarterly.

Councilman Ciasullo asked about the dumpsters.

Mr. McBriar commented every Municipal contract we have done we provide a list that includes school facilities, DPW all the things and that is part of what they do.

Mayor Hutnick read what was currently in the contract which included the dumpsters.

Mr. McBriar commented option two is as stated; solid waste once a week, recycling once a month and bulk quarterly and that would three year and five year as well.

Mr. McBriar commented if these are the option what would be appropriate at the conclusion of this discussion to entertain a motion to accept these options as presented and authorize Robin to advertise the rebid specs as amended and we will get that out asap.

Mr. McBriar commented the motion would be to approve the options as presented and discussed this evening and two authorize Robin to advertise accordance with law.

Councilman DeMeo motioned. Councilman Poyer seconded.

Any bidders that complete their registration packet will receive their instruction packet can commence doing that. The bidding concludes March 9, 2023 at 11:00. the final components. Anyone who is interested he encourages you to go to Max Spann website. One of their specialties is Municipal auctions; you can go on there and see some of the ones they have done. Franklin recently did it there is one pending for Andover and others. They do have a registration packet so you would have to obtain that from them complete it and get it to them. The resolution that was approved tonight is the actual authorizing ordinance 07-2022 that sets forth more particularly some of the terms and conditions of the Borough auction.

Mayor Hutnick commented we will have to put together something so we can notify residents they can go to this site and register.

Mr. McBriar commented however the Borough decides to do that. Mayor Hutnick commented he just needs information he can put on the website and Facebook page to get out the notification.

Councilman Ciasullo suggested letting Mr. McBriar approve whatever is being posted.

There was a brief discussion on the undisclosed amount and auction.

Police Contract – Mayor Hutnick this item we will need executive session for.

First Aid Squad – no update.

NEW BUSINESS

DPW – Councilwoman Cowdrick explained she had a request from the guys [at DPW] to maybe get company cell phones rather than using their personal cell phones.

Mayor Hutnick commented Chris [supervisor] has one; are they using their own a lot.

Councilwoman Cowdrick commented that she doesn't know but they would rather use a company phone for company business rather than their own.

Mayor Hutnick commented we can look into plans; they have \$50.00 cell phone plans. We will look into this.

Councilman DeMeo asked would it be easier to give them a phone stipend.

Mayor Hutnick commented they want to separate it and explained.

There was a discussion on cell phone, a phone for Borough hall to get in touch with them and stipend.

Budget – Mike Marceau, CFO explained a hand out to review for the upcoming budget meeting January 30th.

PUBLIC SESSION

Councilman DeMeo moved, Councilwoman Cowdrick seconded motion to open the public session of the meeting. All were in favor.

Craig Taylor, 170 Kennedy Ave. Ogdensburg. Mr. Taylor asked if there was any resolution regarding his property. Mayor Hutnick commented that would be the guard rail.

Mr. McBriar commented after the last meeting we forwarded the request to the Engineer to do a site inspection of the property and come back and make recommendations to the Council. If you have a survey to forward it to Robin. Once the council gets the recommendation from the engineer they will act accordingly on it.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL

Mr. Taylor asked if that doesn't work and you can't put a guard rail up is it possible to get somebody from the quarry or town people to bring a couple of big boulders and put it on the corner there between Kennedy and Corkhill Road. He knows the budget is tight and he respects the town on that.

Mr. McBriar explained we will let the engineer know [your request].

Mr. Taylor made some suggestion regarding the garbage pickup.

There being no further business from the public, Councilman DeMeo moved, Councilwoman Cowdrick seconded motion to close the public session of the meeting. All were in favor.
